IDENTITY FOR ALL

Actioning an identity vision, in Africa

IDENTITÉ POUR CHACUN

Réaliser la vision de l'identité
dans le contexte Africain

There are over 1.5 billion people that have no legal identity

Plus de 1.5 milliards de personne n'ont pas d'identité légale

The U.N. wants
identity for all by 2030

Les Nations Unies veulent
un identifiant pour chacun
et une identité pour tous

Identity is not a luxury

Identity is an essential part of everyday life

Identity

Africa is leading the world of modern ID

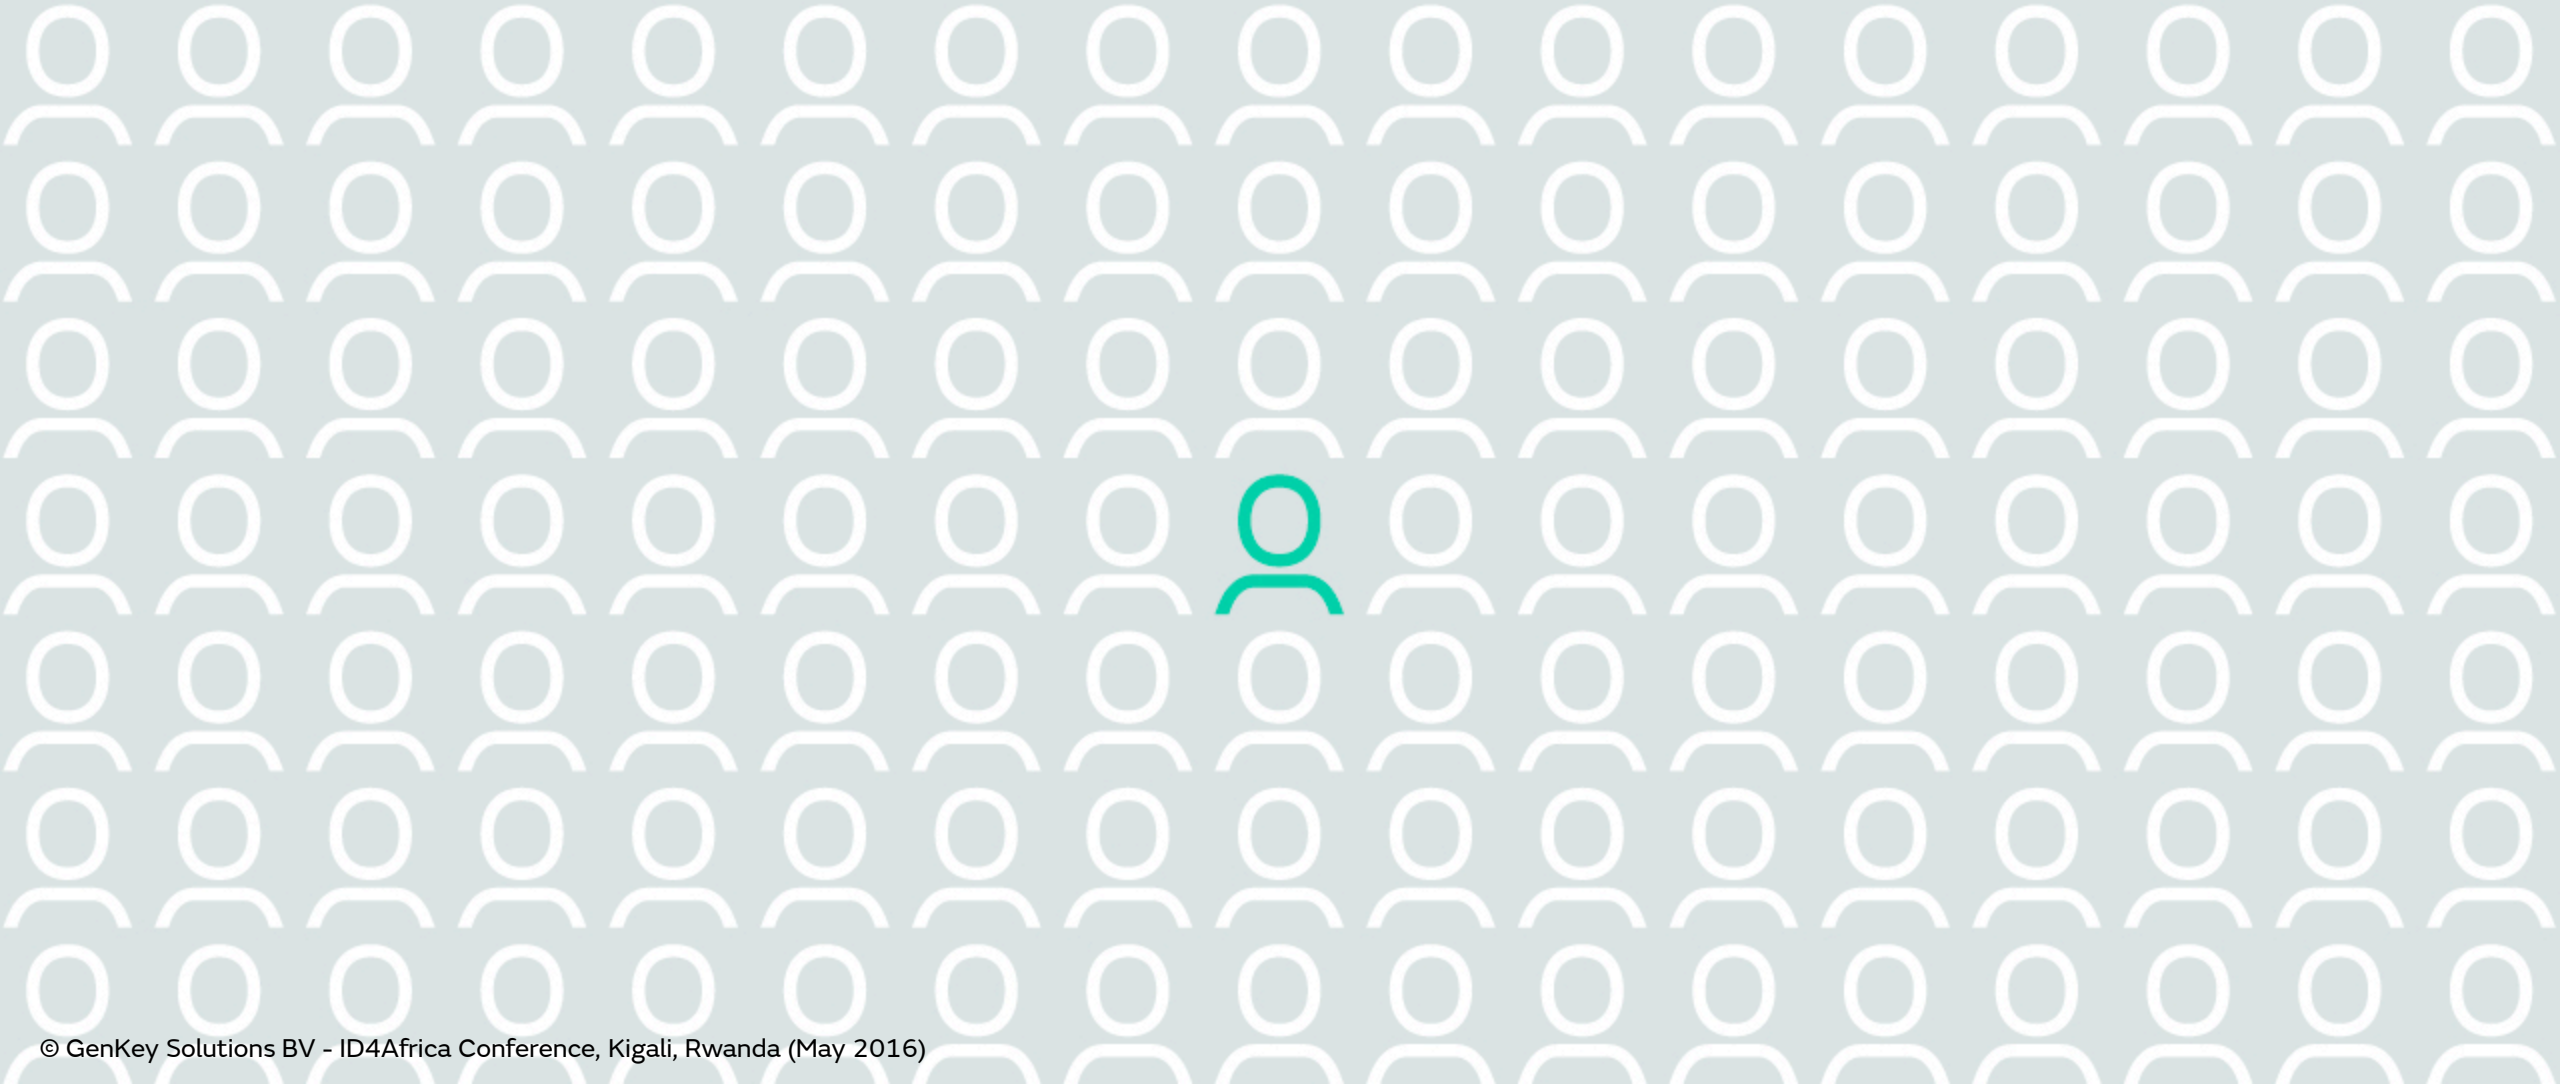

Our vision for Africa
Notre vision pour l'Afrique

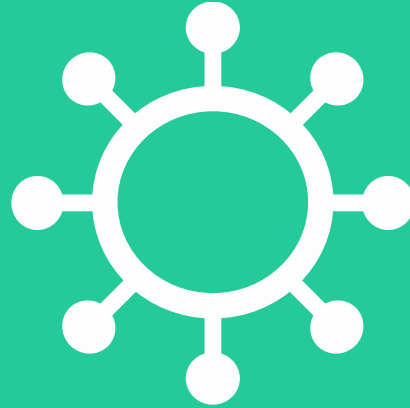

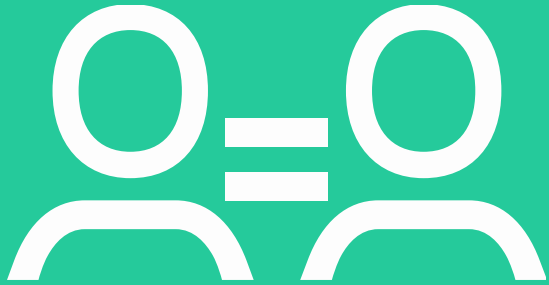

Our vision:

One universal ID for every citizen – For every country

Three stages of growth towards a universal Identity
Unique – Unified – Usable

1 **UNIQUE**

2 **UNIFIED**

3 **USABLE**

Stage 1: Determining Uniqueness:

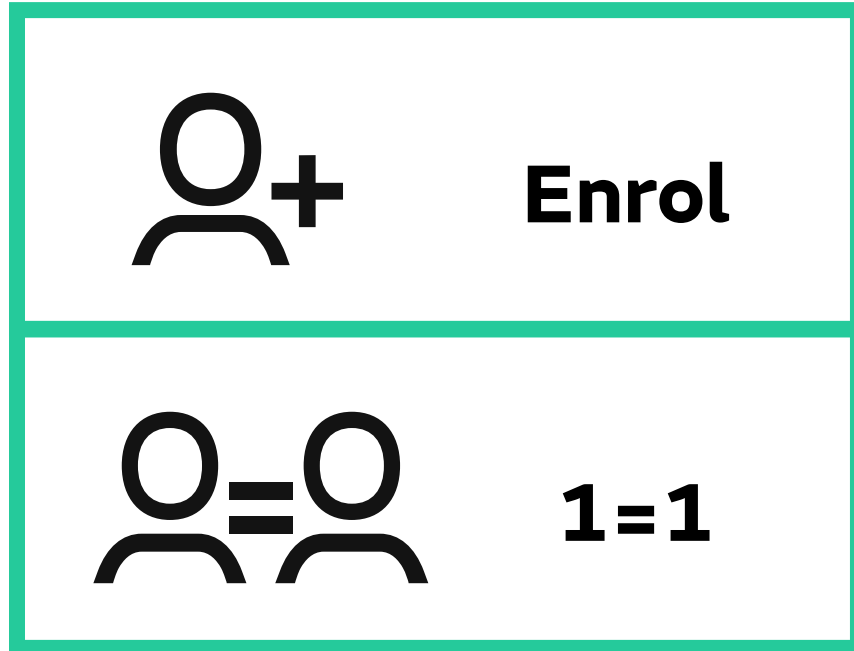

Biometrics unifies the physical identity with a digital identity

Stage 1: Determining Uniqueness

Simplification and quality in the registration supporting deduplication

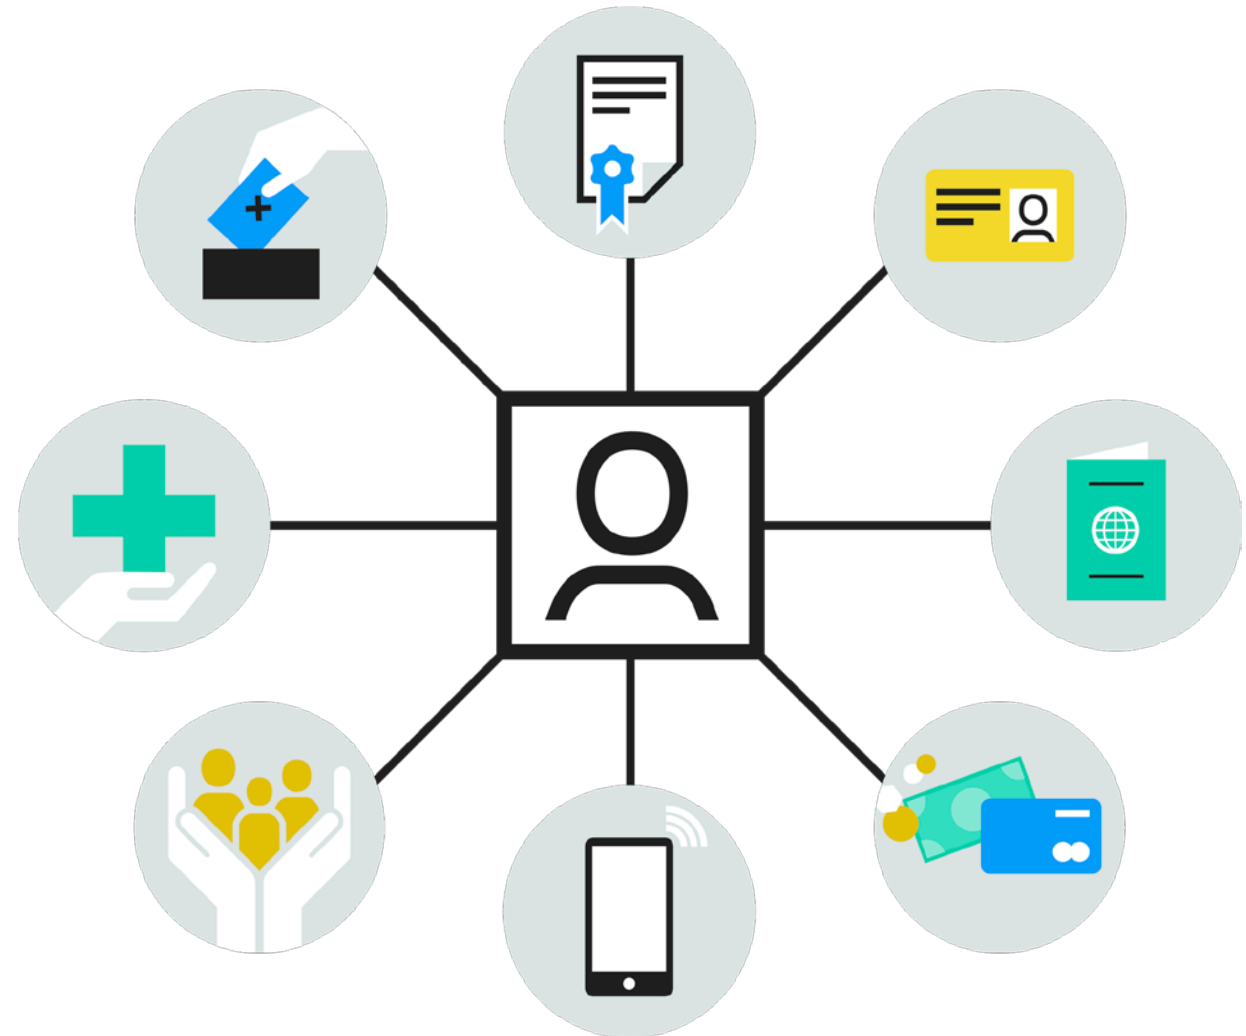

- Simple process and quality of execution
- Inclusion of all citizens
- High quality fingerprints, face and other biometrics
- One person = one unique identity

Stage 2: Unified

Delivering a central register with seamlessly integrated and unified ID

- Integration
- Sustainable
- Security
- Document

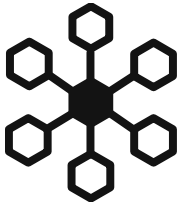

Stage 3: Usable

Enable citizens to use their ID to access everyday services

Biometric

Open platform

Secure and Private
(ISO 24745)

Verify

The biometric data can be used to verify someone's identity
