PHYSICAL AND DIGITAL IDENTITY:
INNOVATION AS AN ACCELERATOR FOR A SUSTAINABLE IDENTITY

IN GROUPE

TO PROTECT A FUNDAMENTAL RIGHT: **THE RIGHT TO BE YOU**

AFRICA TRENDS AND CHALLENGES

Smart Africa 2020

500 MILLION PEOPLE are without official identity on the continent

20% IS THE PERCENTAGE of annual growth in internet usage

AFRICA YOUTH IS ALREADY ONLINE & EXPECTS MORE CONVENIENCE

OUR COLLECTIVE CHALLENGE

LEVERAGE OFFICIAL IDENTITY

COPE WITH DIGITALLY NATIVE CITIZENS
WHO EXPECTS FRICTIONLESS ACCESS
TO SERVICES

OUR APPROACH IS:

WHAT SPECIFIC CHALLENGES DOES THE DIGITAL AGE BRING TO GOVERNMENTS ?

- SOVEREIGNTY
- PRIVACY
- CONVENIENCE
- INCLUSIVITY

OUR DIGITAL ID STRATEGY IS BASED ON 3 PILLARS:

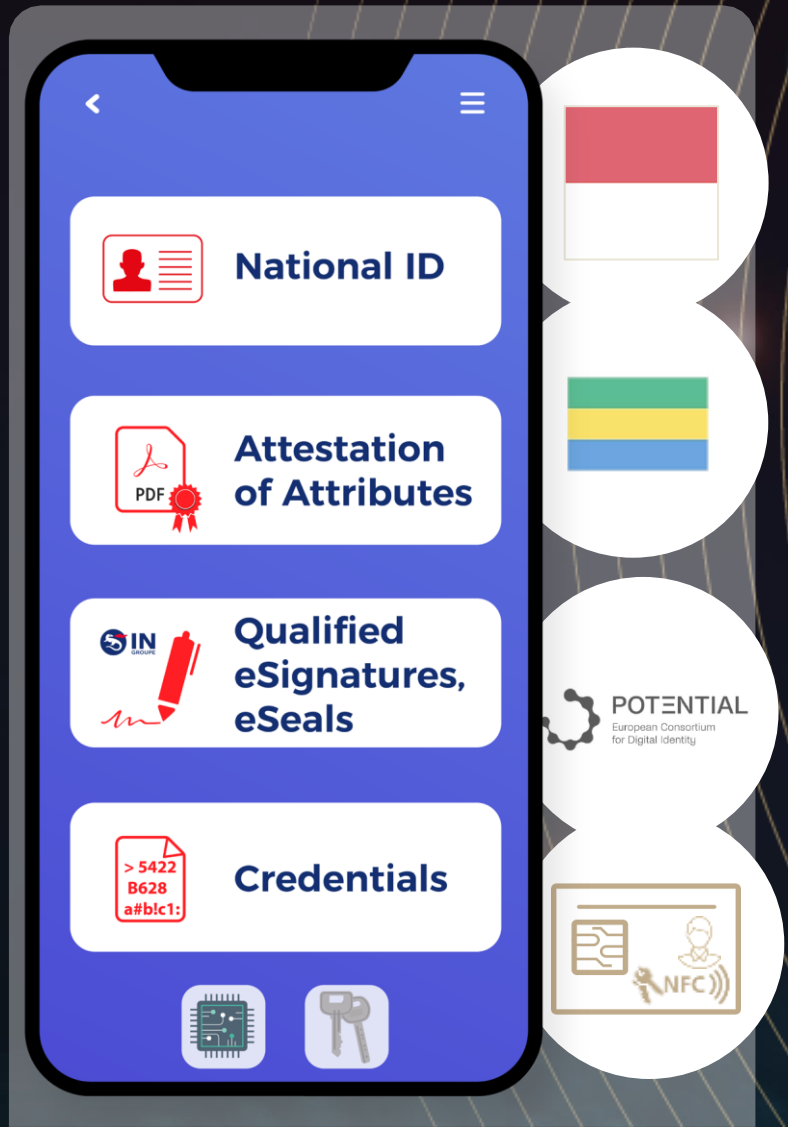
- Existing governments' infrastructure with additional modules
- Facilitation of digital implementation between governments and private sector
- Innovative business models

IN GROUPE, AN EXTENSIVE EXPERIENCE IN ID SOLUTIONS' IMPLEMENTATION

BUILD ON EXISTING FOUNDATIONS

DIGITAL ID IN 5 STEPS

Easy to plug in existing ecosystem & Secure



1 | Plug in your national PKI

2 | Interface your ID databases

3 | Activate digital ID for your citizens

4 | Connect all your public and private services

5 | Ensure citizen authentication through multiple factors incl. mobile phones, eID but also QR codes & Biometrics

ENHANCING CITIZENS ACCESS TO SERVICES THANKS TO DIGITAL

I have access to e.Gov. services (tax return, etc.)

I can submit a authentified request to a bank for micro credit

I can easily declare the birth of my child
